# RISKS ASSOCIATED WITH FOREX TRADING

- Trading foreign currencies can be challenging and potentially profitable opportunity for investors. However, before deciding to participate in the Forex market, you should carefully consider your investment objectives, level of experience, and risk appetite. Most importantly, do not invest money you cannot afford to lose.

- There is considerable exposure to risk in any foreign exchange transaction. Any transaction involving currencies involves risks including, but not limited to, the potential for changing political and/or economic conditions that may substantially affect the price or liquidity of a currency. Investments in foreign exchange speculation may also be susceptible to sharp rises and falls as the relevant market values fluctuate.

- The leveraged nature of Forex trading means that any market movement will have an equally proportional effect on your deposited funds. This may work against you as well as for you. Not only may investors get back less than they invested, but in the case of higher risk strategies, investors may lose the entirety of their investment. It is for this reason that when speculating in such markets it is advisable to use only risk capital.

## Risk Disclaimer

- Trading foreign exchange on margin carries a high level of risk, and may not be suitable for all investors. Past performance is not indicative of future results. The high degree of leverage can work against you as well as for you. Before deciding to invest in foreign exchange you should carefully consider your investment objectives, level of experience, and risk appetite.

## Risk Disclaimer

- The possibility exists that you could sustain a loss of some or all of your initial investment and therefore you should not invest money that you cannot afford to lose. You should be aware of all the risks associated with foreign exchange trading, and seek advice from an independent financial advisor if you have any doubts.

# Disclosure Statement

- The risk of loss in trading Foreign Exchange (FOREX), indices, and commodities can be substantial. You should therefore carefully consider whether such trading is suitable for you in the light of your financial condition. In considering whether to trade or to authorize someone else to trade for you, you should be aware of the following:

## About EExpert

- EExpert is designed to give you consistent small profits by using an AI that automatically detects the price action of a given forex pair. It uses different timeframes and uses an effective cost averaging method to avoid losses. One goal of the EExpert is to avoid your account getting liquidated. The algorithm behind this bot was coded from the minds of successful traders, bankers, and institutions.

# About EExpert

- Effective money management to ensure sustainable growth
- Multiple filters to avoid bad trade.

# Features

There are a lot of Forex Robot out there but one thing you can always rely are these updated MyFxbook records.

Most bot performs for a few months then crashes when a huge drawdown happens, this usually happens when the settings are put too aggressively without safety features.

## Drawdown.

- 20% Or Less can be seen on our records.

## Cost Averaging.

- The bot will automatically calculate the next lot size and cut down losses when necessary.

## Trailing Stop.

- To maximum profits when the market goes our way

## Account Safety.

- Bot will stop trading if a certain drawdown % of your account is met. and will execute 1 trade at a time.

## News Filter.

- Our bot trade moderately during this high-impact news. Or we can set it to OFF.

## Lot Sizes.

- This bot uses the right lot size based on your risk appetite and account size.

## Reliability.

- Tested for years outside the Philippines, now available on the local market.

# Features

EExpert is designed not only to give you small consistent profits but to also protect your capital with a reliable slow semi aggressive settings.

## Drawdown.

- 20% Or Less can be seen on our records.

## Cost Averaging.

- The bot will automatically calculate the next lot size and cut down losses when necessary.

## Trailing Stop.

- To maximum profits when the market goes our way

## Account Safety.

- Bot will stop trading if a certain drawdown % of your account is met. and will execute 1 trade at a time.

## News Filter.

- Our bot trade moderately during this high-impact news. Or we can set it to OFF.

## Lot Sizes.

- This bot uses the right lot size based on your risk appetite and account size.

## Reliability.

- Tested for years outside the Philippines, now available on the local market.

# How much is the fee?

A one-time installation fee of Php 4000 (management fee)

Monthly Php 500 subscription for copy trading software/app

Monthly Php 500 subscription VPS Virtual Private server

Other fund managers or forex copy services charges you \$100 monthly, that will be \$1200 in a year or Php 57,000.

EAXpert offer is for a limited time only.

# What is Copy Trading?

Copy-trading means whatever EAXpert trades, your account trades. To keep it simple, it is mirroring all the actions from our Forex Robot to your account.

If our account earns 25% this month and you are subscribed to our signal, your account also earns 25%. Keep in mind that if you have a \$1000 starting capital, you must choose the \$1000 signal as that it is calibrated for a \$1000 account.

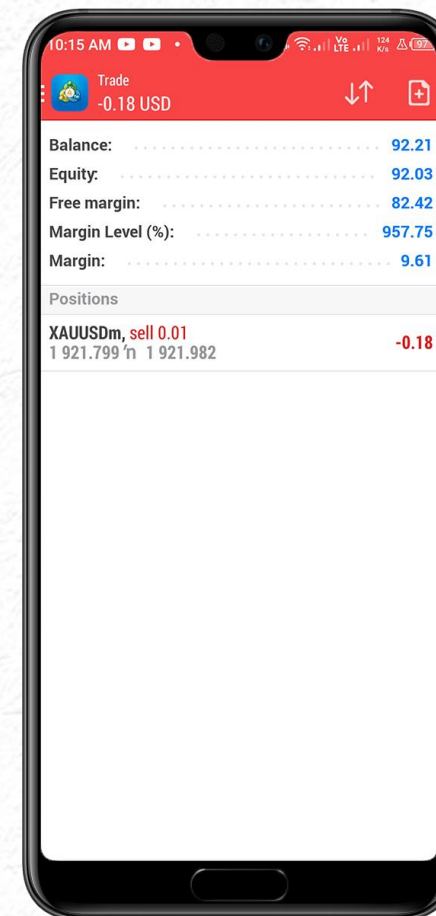

***Even without experience,  
you can earn in Forex  
Trading by running an  
EAxpert***

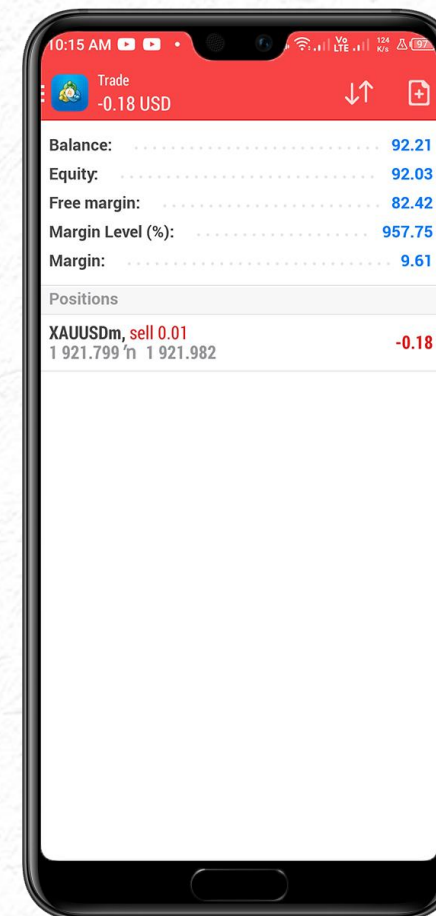

Once your BOT Runs, this is what you will normally see so don't panic.

- NEVER MODIFY ANY TRADE OR MAKE ANY MANUAL TRADES.
- AS LONG AS YOUR MARGIN LEVEL % IS ABOVE 200, YOU ARE FINE

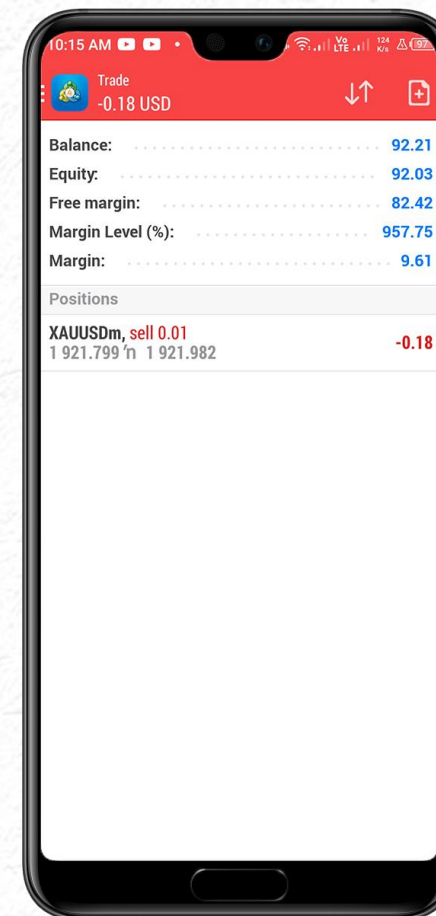

Once your BOT Runs, this is what you will normally see so don't panic.

- YOU WILL ALWAYS SEE A NEGATIVE RED AMOUNT HERE, AS THE BOT TAKES YOUR PROFIT WHICH YOU CAN SEE ON THE HISTORY TAB BESIDE THE TRADE BUTTON.
- THIS IS CALLED A DRAWDOWN AND THIS IS COMPLETELY NORMAL IN FOREX.

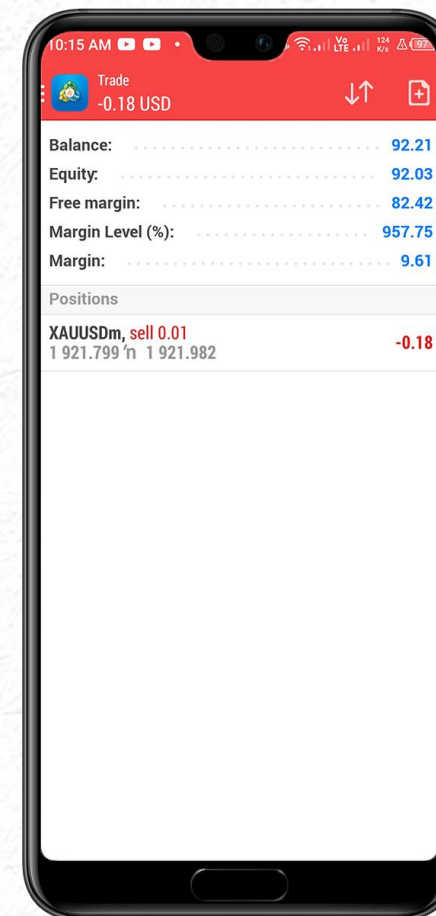

# THIS IS WHERE YOU SEE YOUR PROFIT

- YOU MAY CHECK THIS 24-48 HOURS TO SEE HOW THE BOT IS WORKING.
- YOU CAN ALSO SEE YOUR BALANCE INSIDE YOUR BROKERS ACCOUNT.

# THIS IS WHERE YOU SEE YOUR PROFIT

- Our goal is 1-5% gain daily. The market fluctuates and no guarantee can be made.
- NEVER EVER make any manual trade, it may ruin the bots computation for cost averaging.

# FINAL THOUGHTS

- YOU MUST BE FULLY AWARE THAT FOREX IS VERY VERY RISKY BECAUSE OF THE POSSIBILITY THAT YOU MAY LOSE ALL YOUR CAPITAL.
- NOBODY CAN PREDICT THE MARKET AND THE ONLY THING WE CAN DO IS TO LOWER THE RISK. PLEASE DO NOT PANIC ON YOUR NEGATIVE DRAWDOWN. YOUR EQUITY IS USUALLY BEHIND 1-2 WEEKS FROM YOUR BALANCE AND LET THE SYSTEM DO THE WORK.

# FINAL THOUGHTS

- WE ARE AIMING FOR 1-5% GROWTH PER DAY OR ATLEAST 20% PER MONTH. NO BOT OR EA IS PERFECT, BUT THE LOWER THE INCOME, THE MORE SUSTAINING IT IS.

# FREQUENTLY ASKED QUESTIONS

## 1. DOES EAXPERT PROVIDE GUARANTEED RESULTS?

- ✓ No, NOBODY can guarantee any results, we can only look at our history profits and make close assumptions. Forex Market is a RISKY business, if you cannot handle losing, better stay away from FOREX.

## 2. DO WE OFFER REFUND?

- ✓ All payments are final and once your account is running from day 1, there will be no refund.

# FREQUENTLY ASKED QUESTIONS

## 3. HOW MANY BOTS CAN I RUN?

- ✓ EAXpert charge clients per broker account, you can run as many bots as you want.

## 4. WHEN CAN I WITHDRAW MY PROFITS?

- ✓ You can withdraw anytime inside your brokers account, please inform us because the bot need to close all trades if you wish to withdraw a big amount

# FREQUENTLY ASKED QUESTIONS

## 5. CAN I REQUEST FOR A MORE AGGRESSIVE SETTINGS?

- ✓ No, these settings are set to protect your equity and our goal is to bring consistent profit.

# FREQUENTLY ASKED QUESTIONS

6. I wish to upgrade my settings to a higher settings.

- ✓ You can request for an upgrade, and you will be billed a new package once we receive your request.

7. CAN I ADD MORE MONEY OR BALANCE ON MY RUNNING BOT?

- ✓ Yes, you can add more balance or buffer anytime.

# FREQUENTLY ASKED QUESTIONS

## 8. WHEN CAN I WITHDRAW MY PROFITS?

- ✓ You can withdraw anytime inside your brokers account, you may contact their chat support for more information.

## FREQUENTLY ASKED QUESTIONS

9. My Account is on a huge drawdown, what should I do?

- ✓ Occasionally and very rarely you see a drawdown above 25% of your balance (which never happened to EAXpert), if this happens our account is also experiencing the same, so please do not panic and let the bot do the cost averaging.

# TERM AND CONDITIONS

## About Risk

- All trading involves risk. Risk only the capital that could be lost. You will never lose more than the amount invested in each position. Trading is only suitable for informed customers who have the financial means to bear the risks associated with trading.

# TERM AND CONDITIONS

## About Risk

- This site is in no way an offer of investment advice or any incentive to buy or sell financial instruments. You must be aware and have a full understanding of all the risks associated with trading. Past performance is not an indication of future performance.

# Introduction

- These terms and conditions (“Terms”, “Agreement”) are an agreement between EAxpert, “we”, “we” or “our”) and you (“User”, “you” or “you”). This Agreement establishes the general terms and conditions of your use of the EA and any of its products or
- services (collectively, “Website” or “Services”).

# Subscription and payment

- You need to purchase a subscription to use the service of EAXpert. Every subscriber will mirror the trades done by our Expert Advisor or Robot to their respective account.

# Responsibility.

- EAXpert is not responsible for any losses that could be caused by the service. The service contains numbers of settings for which the customer is responsible. Profitability also varies depending on the choice of the customer, broker and the quality of the internet connection. Profitability tables are an indication, the results from the past cannot predict future results in any way.

# Risks

- User is aware of the accompanying risks of possessing, trading and using crypto currencies and takes full responsibility for these risks. Past performance is not an indication of future results. The trading of goods and products, real or virtual, as well as Foreign exchanges involves significant risk.

# Risks

- Prices can and do fluctuate significantly on any given day. Due to such price fluctuations, you may increase or lose value in your assets at any given moment and may result in loss of all the capital invested in a transaction. Any currency – virtual or not – may be subject to extreme swings in value and may even become worthless. There is an inherent risk that losses will occur as a result of buying, selling or trading anything on a market, particularly on a non-regulated market such as the Foreign exchange market. FX trading also has special risks not generally shared with official currencies or goods or commodities in a market.
